**Rules of the game:**

**Classification:**

The pairs with the best 16 results (handicap) in the qualifying competition will qualify for the Match Play table. The best pair, will face the pair ranked No. 16, the 2nd against No. 15 and so on as described in the attached table.

In the event there are less than 16 pairs in the qualifying tournament, all pairs will be classified for the match-play rounds. In this case, the first pair classified will go directly to the Round of 8 until the full draw is established.

**Tee Boxes:**

South Course: 58

North Course: 54

**Format of Play:**

It will be played on 18 holes under the rules of Four Ball - Better Ball Match Play Handicap (see Competition Booklet 2.b.2 v.)

**Handicap points:**

For the calculation of the Playing Handicap the table of 100% of the Playing handicap percentages is used.

The player with the lowest playing handicap plays with zero. The other players receive 90% of the difference between their own playing handicap and that of the player with the lowest playing handicap.

---

Example: Player 1 hcp 6.4, player 2 hcp 12.4, player 3 hcp 15.8 and player 4 hcp 16.9.

Player 1, on the South course and from the Tees 58 has a playing handicap of 8 and player 2, 15.

The difference would be 7 points and applying 90% = 6.3 = 6. For player 3 the playing handicap is 19, the difference to the best player being 11 and applying 90% = 9.9 = 10.

For player 4 the playing handicap is 20, the difference to the best player being 12 and applying 90% = 10.8 = 11.

#### **Tiebreaker:**

All matches must be resolved immediately after the completion of the established holes. Being a handicap competition, the players must continue on hole 1 and successive until one of them wins a hole. The players receive the points that correspond to the same holes in the standard 18 hole contest as described above.
