

**TEE 15 SOUTH:** SMOOTHING, **RETAPING** AND FINISHING OF THE ENTIRE TEE WITH STONE PLASTERED WALL

**TEE 12 NORTH:** THE TEE HAS BEEN RE-DONE WITH BERMUDA GRASS FINISHED WITH A CEMENT CURB, A WATERWAY AND THE RAILING HAS BEEN TREATED TO PREVENT ITS CORROSION.

**CLUB HOUSE GARDEN:** REDMODELED FROM THE ENTRANCE TO THE CADDY MASTER WITH A STONE WALL AND FLOWERS, DEFINING THE ENCLOSURE WITH A MESH AND A FENCE.

**HOLE 2 NORTH:** THERE WAS AN EMPTY SPACE ON THE SIDE OF THE PATH THAT HAS BEEN FILLED UP. THE DRAIN HAS BEEN CLOSED WITH A GRILLE.

**HOLE 1 NORTH AND HOLE 1 SOUTH: WE HAVE RENOVATED ALL THE FLOWERS ON BOTH PATHS.**

**HOLE 1 NORTH: TO AVOID BALLS HITTING THE HOUSES TO THE RIGHT WE HAVE ADDED MORE PALM TREES, ADDING A TOTAL OF FIFTEEN. TO SEPARATE THE FIRST HOLE FROM THE DRIVING RANGE WE WILL BE PLANTING SEVEN CASUARINAS TOWARDS THE TEE, FOLLOWING THE EXISTING ONES.**
