

**REPORT OF THE COMPETITION COMMITTEE IN PREPARATION OF THE RCGG BOARD MEETING  
SEPTEMBER 7<sup>th</sup>, 2015.**

***NUMBER OF MEETINGS SINCE LAST BOARD MEETING: 2***

**MAJOR ISSUES AND DECISIONS:**

1. Evaluation of Semana Grande, sanctions and ideas to improve, e.g. pre-payments of tournament inscription fees.- It was agreed to thank our manager, Ignacio Cuvillo, for the effort made to make everything work, especially considering the large number of players we had this year. It was also agreed to implement, within the shortest possible time, a prepayment system at least for the most important tournaments and so try to avoid 'no-shows' and, at the same time, follow the same competition policies enforced by most clubs. Afterwards we will see the possibility of implementing this system also in weekly competitions (men, ladies, etc.). Players who have failed to appear during the Big Week will be punished with reprimand and payment of the corresponding Green fee and will not be allowed to play any tournaments in Guadalmina until they have paid the fee.
  
2. Discussion on a decision from a previous competition committee (CC report from 1.2.2011) that allows school members without a Guadalmina license to receive support from club as requested now for the Spanish Championship Men. The position of the Junior committee is that support should only be given to those members who represent the club with their license number as AM51 as it is stipulated in the Schools Rules and we therefore request the Competition Committee to reverse the decision from 2011.- The proposal of the Junior's Committee was approved and, consequently, it was revoked the decision of the Competition Committee in February 2011.
  
3. Transition ages from one category to the next: Should a junior move into adult category on his/her 21st birthday (like in the competitions of the Big Week) or in the year they turn 22 (like in the tournaments of the federation) - It was agreed to adopt the Federation criteria.
  
4. Improvement of reservation system.- Ignacio reports that a reservation system similar to the 'Touch Screen' located in the cafeteria is being developed to be incorporated to our web page. That proactive system would give 'real time' information about free tee-times and, as a result, bookings would be confirmed on-line. He also requested the organizers of the weekly competitions to give an (approximate) estimate of the number of players as early as possible to the Caddy master in order to release free tee times at an earlier time. Also, on Monday and Tuesday competitions, the number of blocked tee times will be reduced and from now the maximum number of players provided will be 108 instead of 144.
