The Assembly starts at 17:15 hours with the first item on the agenda of the day,

First item on the agenda: Report of the President (Juan Ramón Martínez Landazábal)

D. Juan Ramón Martínez Landazábal, thanks the present Members for attending to this meeting.

The President starts his speech asking attendees for a minute of silence in remembrance to the victims of the attacks in Paris on November 13th.

Susequently he summarizes the improvements and changes in the courses, highlights some Sports successes of the Club for all ages and alludes to the importance of point 2 of the agenda.

He ends his speech thanking the members of the Board and the staff of the club for their work. The intervention ends with a warm round of applause.

Second item on the agenda. Approval, if appropriate, to the Board of Directors / President, initiate the necessary steps, and negotiate, the possible purchase of 1034 shares of GGSA, owned by Martinsa-Fadesa, in judicial liquidation.

The President, Mr. Juan Ramón Martínez Landazábal, begins his speech with a personal reflection on the process of the possible purchase of the shares owned by Martinsa-Fadesa highlighting the objective of the board to give full transparency to the process and only realize it with majority support from social club mass.

The President emphasizes that it is an historic and possibly unique opportunity to bring together the interests of Members / Shareholders with the club management and the legal structure of the club and of the Guadalmina Golf SA (GGSA).

Following his intervention with the presentation of the detailed approach, exposing the shareholder distribution of Guadalmina Golf SA, current status of the judicial liquidation of Martinsa-Fadesa, the advantages and disadvantages of a possible purchase for the Members / Shareholders, the valuation of the shares, the right of first refusal and its limitation and a proposal for a plan of action in order to reach a purchase agreement with the liquidators of Martinsa-Fadesa for subsequent presentation and approval , where applicable, by an extraordinary meeting of Guadalmina Golf SA, asking members present and represented to vote in favor of the proposal.

The presentation is attached to the minutes.

At the end of his speech followed by a long applause, he invites the attendees to ask questions, indicating that he will answer to the best of his knowledge and D. Carlos Bustillo of the Estudio Legal Bustillo, legal advisers of Guadalmina Golf S.A., will assist him.

D. Geoffrey Bromidge, Member 4609 , states to be in favor of the initiative and asks

- a) which is the time limit to finalize the judicial liquidation and
- b) If both the law and the statutes of the Guadalmina Golf SA will allow the purchase of its own shares.

Replied D. Carlos Bustillo

- a) The law provides for a period of 2 years for the liquidation, but allows time extensions. In fact it is usually longer.
- b) Effectively the law and the statutes of the GGSA allow it under certain conditions of depreciation and reduction in capital, which should be applied according to the possible purchase price and the accounting and financial situation of the society at the time of purchase.

D. Geoffrey Bromidge asked who will be responsible to carry out the negotiations.

Replied by D. Juan Ramón Martínez Landazábal, that it is the Board of Directors, represented by its Chairman and Finance Committee together with the relevant legal advice.

Mr. Christer Palm, member 4.905, asks who will finally be the owner if the Guadalmina Golf SA purchase its own shares and if it is possible that the Legal Liquidators try to sell shares in smaller packages

D. Juan Ramón Martínez Landazábal responds that the Legal Liquidators have already put on sale different assets of Martinsa-Fadesa and you can see on a web page this information of the process of liquidation.

The Board aims to take the necessary steps in the process of purchasing the shares and buy before there is possibility of sale in smaller packages.

D. Carlos Gelabert, member 5593 intervenes to thank for the brilliant presentation.

He states that he is a new Member coming from La Quinta, where they have experienced the purchase of a majority of shares by an external investor, who then increased the member fees extremely, virtually throwing out existing Members.

He believes that the possible purchase will be a long and complicated process and which cannot be foreseen and that at this stage in is not possible to set or foresee purchase price. He then asks whether as a club member, he also is a shareholder of Guadalmina Golf SA.

Answered by D. Juan Ramón Martínez Landazábal: Yes - to be Member in the club it is absolutely essential to be shareholder or family or usufructuary of a shareholder.

D. Fidel Mencía, member 1433, saying that the GGSA has an administrator, but not a Board of Directors. He is in favor of the purchase of the shares asks if the current administrator is allowed to buy shares and if in the future it would be possible to establish a Board of Directors.

D. Juan Ramón Martínez Landazábal, answers that the administrator cannot buy himself, and a Board of Directors would be possible at the end of the process, but any changes have to be agreed the majority of shareholders.

Carlos Bustillo, added that the administrator represents the GGSA, but a purchase has to be approved by an extraordinary meeting of shareholders. A majority of 50% + 1 of the votes would be needed to approve this purchase. The 1034 shares owned by Martinsa-Fadesa shares should vote in favor in case of an agreement.

D. Fidel Mencía, asks controls the sale of shares on behalf of Martinsa Fadesa if is not the Sole Administrator?

Answered by D. Carlos Bustillo, that the Sole Administrator manages Guadalmina Golf SA, but those who decide on the sale of shares are the Legal Liquidators.

D. Kurt Beckmann, member 4229, asked for confirmation that the shares held by an SA in its own-stock may only be 20% of all shares and ask why we want to approach the Legal Liquidators making an offer.

D. Carlos Bustillo confirms the first part of the question and D. Juan Ramón Martínez Landazábal advises that is not the intention of the Board to make an offer at this time.

The Board intends to notify the liquidators that we, The Club, are candidates of purchase and ask the Legal Liquidators to put on the market the shares the sooner the better.

D. Fernando Lanuza, member 5210 asked about the right of first refusal, in the event that the shares are acquired by a non-shareholder, Mr. Bustillo answers that in the case of a non-shareholder, purchase would be subject to the restriction of the right of first purchase option.

D. Carlos Constantini, member 4727 intervenes, warning of a possible risk, than a non-shareholder intends to purchase the package of shares, he/she can simply buy some shares on the free market, thus becoming a shareholder and when he/she buy the lot of Martinsa-Fadesa, already is a shareholder and therefore the right of first refusal does not apply.

He thinks that we should act in a proactive way and supports the motion.

Mr. Bustillo confirms that this risk exists.

D. José María Retana, member 5685 indicates that he has become member recently, and coincides with the economic approach that the selling price is around € 8.200, because he has acquired his share in June at that price, likewise expresses that he has been ex-member of the Board of Directors of the Real Sociedad Hípica Club de Campo Villa de Madrid.

He praises the initiative and the plan to limit the number of shares on the market through the repayment of a part after a possible acquisition. He asked whether there was the possibility to ask shareholders non-members to participate in the financing of the purchase.

D. Juan Ramón Martínez Landazábal, answers that the current statutes of the GGSA do not allow it.

D. Jaime Ruiz Larrea, member 5590 said that in his opinion it was a very clear presentation and we should wait, but be prepared in case a powerful investor shows interest in buying the shares.

D. Jaime Acinas member , 2859 indicates that the proposal should be more specific and include details on financing and changes in expected statutes and requests soon to organize an extraordinary meeting of shareholders of GGSA.

Answers D. Juan Ramón Martínez Landazábal, that it would not be serious to give further details and proposals without knowing the purchase price and indicates that for calling an extraordinary general meeting it would require only 10 percent of the shareholders with voting rights.

D. Pedro Irujo, member 3626, worries that the 946 actions of non-members can act against the interests of the Members- Shareholders.

Answered by D. Juan Ramón Martínez Landazábal that it is not a homogeneous or powerful group, but formed of individuals shareholders, who in some cases, there is no evidence about their awareness of the fact of being shareholder and that they do not usually attend even the GGSA General Meetings.

The Board is working with the Manager to try to identify them, but in anyway, the majority of 50% + 1 can be achieved with the 1034 votes of Martinsa-Fadesa and about 600 votes from members- shareholders

D. Francisco Castaño, member 4696, asks to know the guidelines for the "new" club.

D. Juan Ramón Martínez Landazábal tells him that for the moment they are indicated in the presentation and that the board will be reporting to members with total transparency to the extent that new developments occur.

There being no further questions, the motion is subjected to voting being the result of **324 votes in favour**, of which **118 are present** and **represented 206**, no vote against and **1 abstention**, and **approved the mandate for the Board of Directors of initiating negotiations for a possible acquisition of the shares currently owed by Martinsa-Fadesa.**

The meeting was suspended at 19 h 05 for a pause. The session starts again at 19 h 11.

Third item on the agenda. Report of the committees

D. Hans Wielaard with the attached presentation.

Ending his speech without having questions with a round of applause from the audience.

D. Christian Reynders Le Rutte introduces the Course Report.

At the end of his presentation, **D. Fridus West, member 3889**, asks when will the starters shed by the 1st hole of the South course be moved and express that buggy paths are in deplorable in some parts of the courses.

D. Christian Reynders Le Rutte acknowledged the paths and promises to address the issue at the next meeting of the Course Committee .

D. Ignacio de el Cuvillo explains the improvement of the area close to the Starter Shed, to expand the parking area of buggies is expected in the coming weeks before Christmas 2015.

D. Kjell Blendulf, member 2872 asks for the time-frame foreseen to improve the tees and D. Christian Reynders Le Rutte informs that it is planned to renew 6 tees a year.

D. Peter Cullen, member 3000, regrets the lack of attention to detail in the daily management of the course, citing the example of the damage caused by the wild boars last summer, which in many cases have not been marked as ground under repair causing errors in dropping, etc.

D. Kurt Beckmann, member 4229, requests the pruning of eucalyptus in the plot behind the 18th hole of the North course.

D. Ignacio de el Cuvillo informs that these trees are in a plot that is not part of the land of GGSA.

Mrs. Elisabeth Holmer-Rothstein, member 3279 requests to add another bathroom to the South Course.

The current situation with only one toilet along the entire course might cause problems when it is broken, or temporarily out of service for maintenance/cleaning or used by other players.

Ignacio del Cuvillo informs that, we will study the possibility but in order to install a second toilet it is necessary to find the most suitable location as swage pipe connection is required as well as electricity and water supply.

D. Marc Mueller-Baumgart intervenes with the attached presentation about the Junior School. He ends his speech with applause from those present.

D^a Nina Digsmed member 249 requests that during the months of April, may, June and September, October high season with a lot of members in the Club, we should try not hold junior competitions on the North or South courses.

D. Marc Mueller-Baumgart, answers that the Junior Section always try to fits the calendar of competitions junior to the Calendar for adult players, for example Texas Scramble, celebrating Junior Tournament on Sunday, and the School already holds 2 to 3 of the monthly school tournaments on the par 3 course only.

There being no further questions the next item on the agenda is addressed.

Fourth item on the agenda. Presentation of the budget in 2016

D. Ignacio de el Cuvillo, briefly presents the projection of the year-end 2015, which in the absence of the last month and a half forecasts a projected benefit of €100,000 approximately, which will be used to offset accumulated losses from prior years.

He also highlights in his speech indicating that 2016 facing the Guadalmina Golf s.a. budget foresees revenues of €3.874.000 with an expenditure of €3.661.000, resulting in a profit of €212.000 before and after taxes.

This budget seeks to reduce planned expenditures of the closure of the 2015 in €68.000 and increase revenues in €112,000

He continued with his speech indicating that thanks to the response of special group of members from La Quinta, in 2015 it has been achieved again to increase the number of members and that at the time of the Assembly the number of members who have paid their fees exceeds the previous year in 16 members, at this time the figure of 1,859 members between shareholders and family members.

After the exhibition, **José María Quintana, member 5685** asks which are the main sources of income. D. Ignacio del Cuvillo, explained that the distribution mainly is 58% from members fees, 24% Green-Fees of members guests and external Green fees, 5% Hotel Guadalmina, 5% Buggies as well as other income.

The Secretary at the request of the President and before end of the Assembly, appoints the following members as auditors of the Assembly to sign the minutes: D^a Gunilla Lindström, D. Alfonso Cruz - Conde and D. Fermín López Gómez.

With no more topics to discuss, the assembly finished at 20:15 of November 19, 2014.

Note: The list of Members attending and represented, both the results of the various votes, will be incorporated into this Act, likewise informs, that all interventions have been collected on a CD, which is available to Members.
